

KIRSTY *Rayner*

RAYNERS LAWYERS PRINCIPAL SOLICITOR

Please introduce yourself and your business? I am the owner and principal solicitor of Rayners Lawyers, Port Macquarie's newest law firm. I have a special interest in preparing sophisticated estate plans for singles, couples, blended families and high net wealth clients. As a small business owner, I also love helping other small businesses with their business succession planning and business contracts including terms and conditions, website terms of use and appropriate disclaimers.

Tell us about your involvement in the local community. Rayners Lawyers is hosting free estate planning seminars covering Wills, Powers of Attorney, Enduring Guardianships, Trusts and Superannuation on 3 March at 7:00pm at the Bonny Hills Community Hall and on 22 April at 7:30pm at the Emerald Downs Community Centre. Further details about our free community events can be found on our website or by contacting our office.

What are your tips for maintaining a balanced lifestyle with work, home and self? Personally, I find that exercise, healthy eating habits and being outdoors is key. They all help to alleviate stress and provide the energy that I need to perform at my best both professionally and at home.
